All:

Parm is planning to be in Spokane Monday the 25th and we are scheduled to meet in the morning to discuss his responsibilities under the ISGP and his lack of compliance with the NOV I sent him last year. I will try to explain why it would be best if cooperates with EPA voluntarily. If you have any talking points you would like me to touch on, feel free to send them my way. I'm told there is a bit of a language barrier. I may enlist Vijay for assistance if that becomes an issue.

Subject: Letter to Spokane Recycling Co LLC clarifying access

Greetings-

Thanks again for your letter documenting your respective agencies' concerns regarding the Spokane Recycling property. I just wanted to copy you on a letter I've sent to Paramjit Hothi, owner of Spokane Recycling Co., LLC. As mentioned on the phone, we will be spending the next couple of weeks working on our sampling plans and, hopefully, straightening out our access agreement with Mr. Hothi. Once we have some progress to report on I'll be in touch with my points of contact within your agencies letting them know of our plans.

Please let me know if you have any questions.

Brooks Stanfield
